GARMENT ACCESSORIES & BRANDING
SOLUTIONS MANUFACTURER

UAL

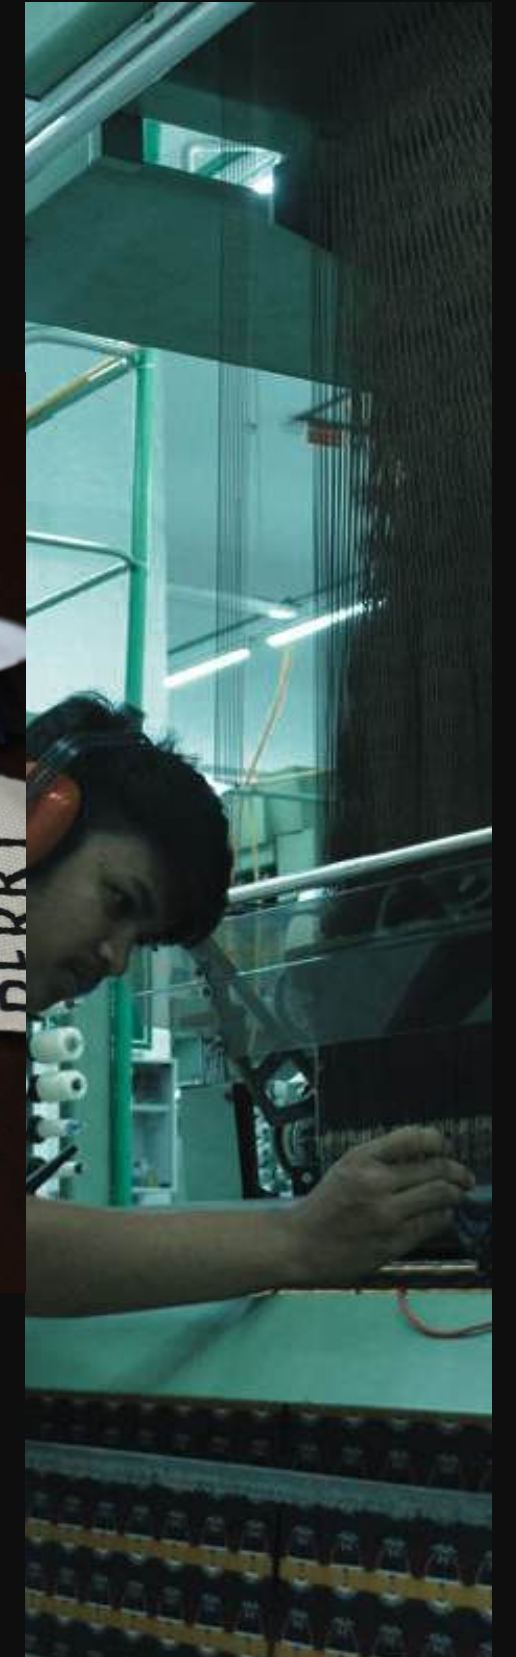

UNION ACCESSORIES LIMITED ↗

WHERE IT ALL BEGAN

Union accessories limited is a one of the renowned Bangladeshi manufacturer of garment accessories and branding solutions. It is also one of the very few 100% compliant label factories that have direct export permission from the government of Bangladesh. Since its establishment in 1999, the company has built a strong reputation for providing world-class labels, tags and identification products that meet the diverse needs of global apparel brands and export-oriented garment factories.

With a commitment to quality and compliance, Union Accessories operates state-of-the-art production facilities equipped with advanced machinery, professional design teams, and strict quality control systems.

UAL OVERVIEW

MISSION

WE MANUFACTURE HIGH-QUALITY GARMENT ACCESSORIES WITH UNCOMPROMISING STANDARDS, DELIVER ON TIME, AND RUN OUR BUSINESS FAIRLY – MINIMIZING ENVIRONMENTAL IMPACT AT EVERY STAGE.

VISION

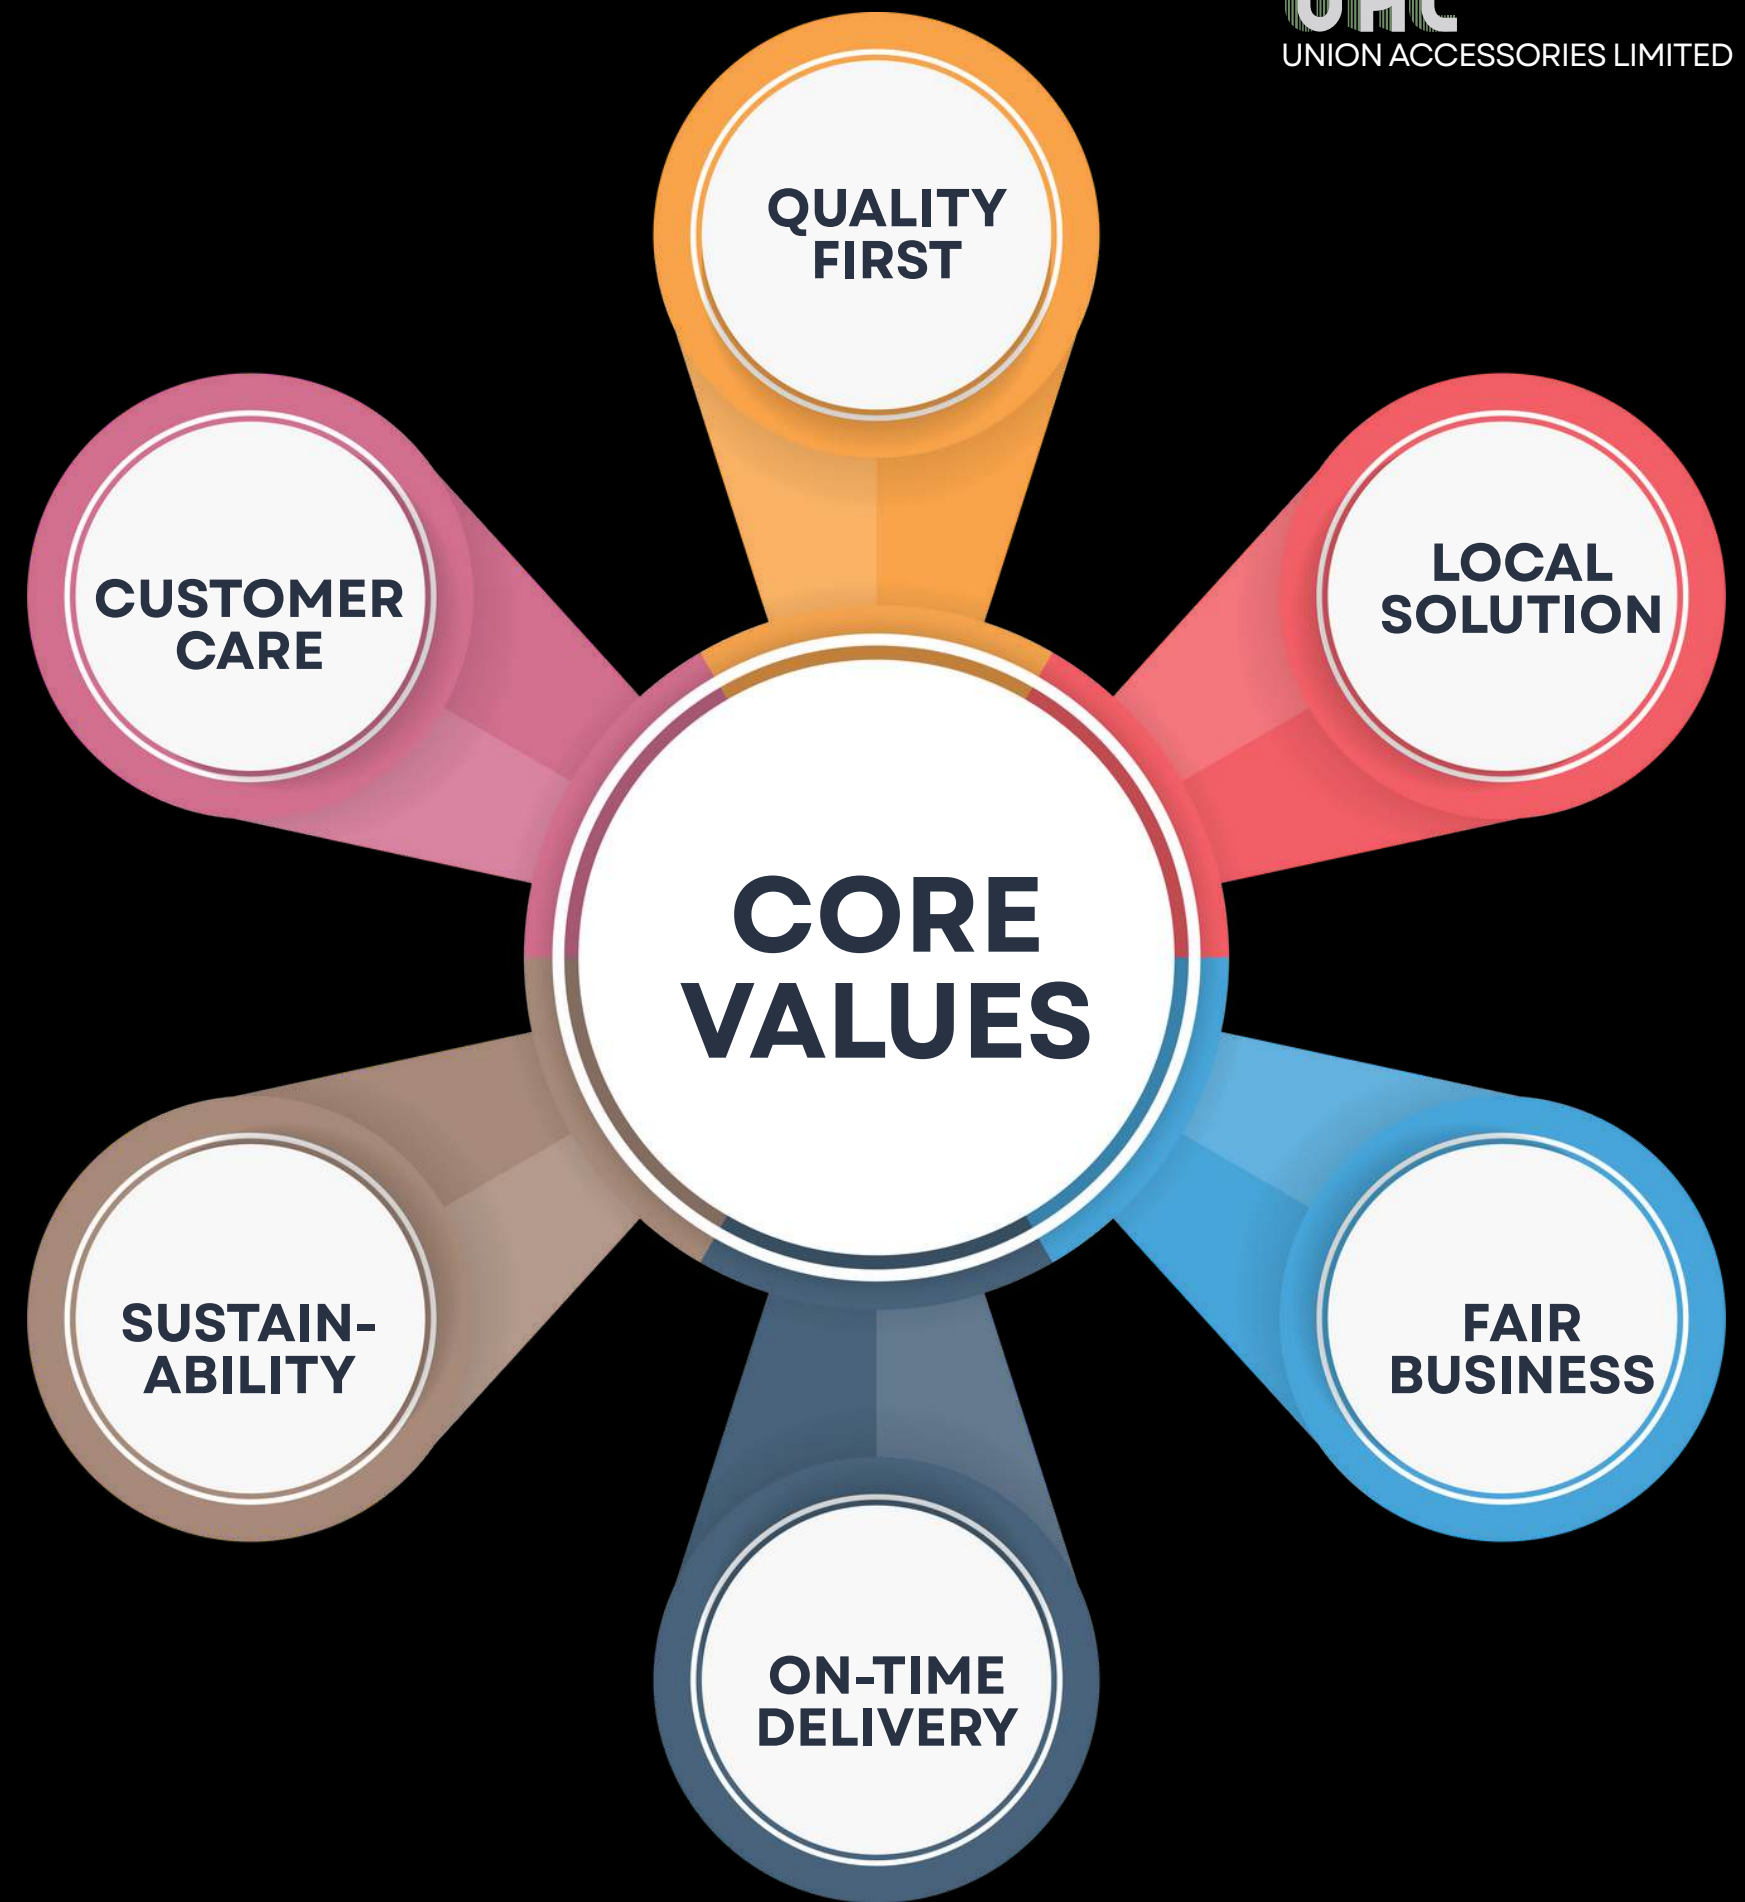

TO BE A LEADING GLOBAL ACCESSORIES MANUFACTURER KNOWN FOR SUPERIOR QUALITY, RELIABLE DELIVERY, AND INDUSTRY-LEADING ENVIRONMENTAL STEWARDSHIP.

UAL VALUES

UAL DISTINCTIVE QUALITIES

Local solution with global standard

Capable of supplying locally with competitive cost and yet matching international quality demands.

Diversified Capability

Having weaving, printing, packaging units under one umbrella helps reduce lead times and coordinate integration.

Modern Machinery

Investment in high-end machines is a differentiator.

Export Orientation

Ability to export directly and existing clients abroad. This reduces dependency on intermediaries.

Certifications & Compliance

Meeting audits and standards helps attract large buyers with strict sourcing requirements.

EXPORTS

Our export footprint spans USA, Madagascar, Egypt, India, Pakistan and Beyond, where our local solutions uphold the same high standards trusted by renowned global brands.

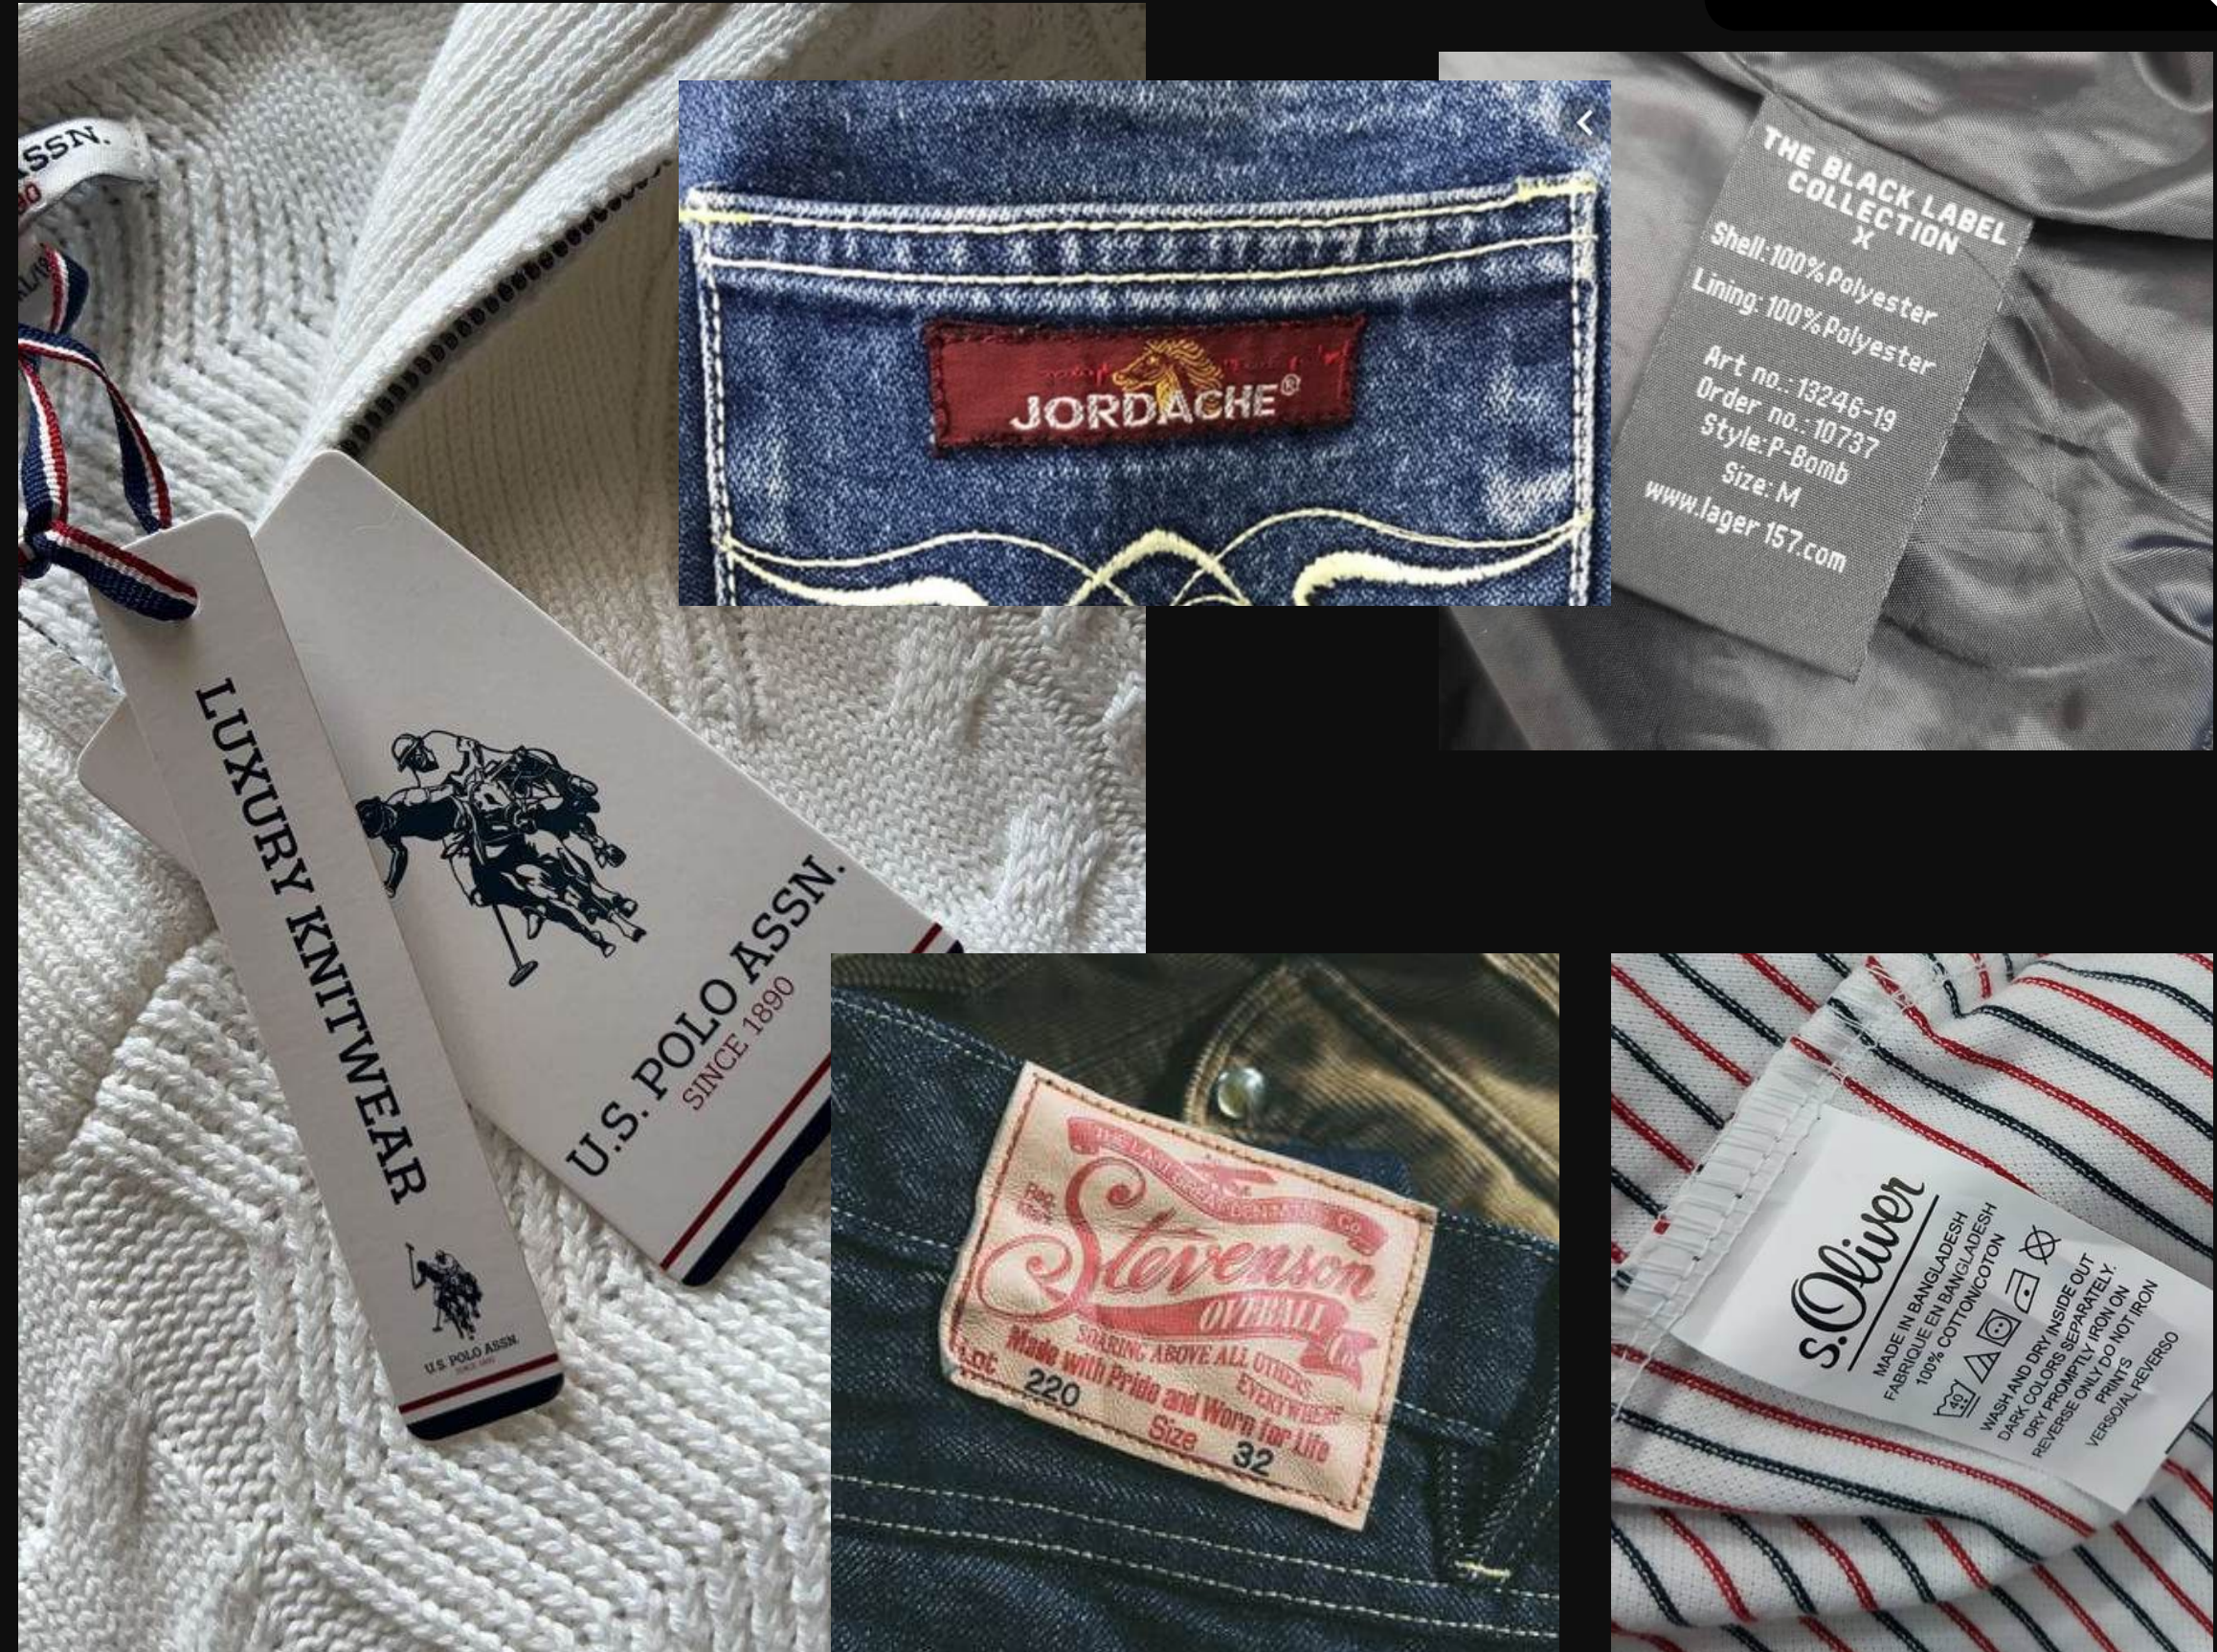

CLIENTS

We are a nominated label manufacturer for American and Canadian fashion US POLO ASSN. and JORDACHE.

Apart from them we serve many American and European brands Stevenson, SMOG, Lager 157, S.. Oliver and many more throw agents.

Our long-standing partnerships with these brands reflect our commitment to quality, compliance, and timely delivery—us a preferred name among global apparel manufacturers and fashion retailers.

MANUFACTURING TECHNOLOGY

Our production infrastructure integrates more than 100 high-performance machines and a skilled workforce of 170+ professionals, combining technology and expertise to deliver excellence in every accessory we produce.

KEY MACHINERY & TECHNOLOGY

WOVEN LABEL UNIT

High-speed Müller Jacquard Looms (Switzerland) for precision weaving, color clarity, and durability.

PRINTING UNIT

Printing Machines for multi-color label and tag printing with superior accuracy Automatic Flexographic and Screen.

OFFSET PRINTING UNIT

Komori Lithrone 4-Color Offset Press (Japan) for premium-quality hangtags, joker tags, and packaging materials.

HEAT TRANSFER LABEL UNIT

“FOCUS” TAGTRANS-225 Heat Transfer Printing Machine (Brand: Focus, England) – delivers excellent heat-seal printing with soft touch and wash-resistant durability.

RIBBON UNIT

Mageba Ribbon Weaving Looms (Germany) for high-quality woven edge satin and cotton ribbons.

Mageba Drying, Finishing & Calendaring Machines (Germany) for professional finishing, smooth texture, and dimensional stability.

RFID UNIT

RFID Inlay Machine (Brand: CLS, Model: CL-3115)

RFID Encoding Machine (Brand: CLS, Model: CL-524H) – enabling modern RFID tag production, encoding, and verification for global retail compliance.

COMPLIANCE AND CERTIFICATION

We continuously invest in cleaner technology, efficient resource management, and waste reduction systems to ensure sustainable growth.

The mark of responsible forestry

CU869430

CU869430

MEMBER OF ALLIANCE FOR BANGLADESH WORKERS SAFETY

Shows the company participates in a safety alliance focused on improving factory conditions and worker safety standards in Bangladesh.

OEKO-TEX® STANDARD 100, APPENDIX 6, PRODUCT CLASS 1

Shows the company participates in a safety alliance focused on improving factory conditions and worker safety standards in Bangladesh.

SEDEX (SUPPLIER ETHICAL DATA EXCHANGE)

SEDEX certification means the company has gone through ethical trade audits (e.g., SMETA), showing compliance with labor, health & safety, environment, and business ethics standards.

FSC (FOREST STEWARDSHIP COUNCIL) CERTIFICATION

This indicates that paper & packaging materials used are responsibly sourced (FSC 100%, FSC Mix, or FSC Recycled), supporting sustainable forestry and environmental protection.

ENERGY & RESOURCE EFFICIENCY

This highlights that the company uses technology and practices to reduce energy use and manage resources efficiently, which supports sustainable production and environmental compliance.

ECO-FRIENDLY RAW MATERIALS

Indicates that materials used in manufacturing are environmentally friendly—reducing harmful environmental impact.

WALMART FACTORY RATING (“YELLOW” FACTORY)

This shows the company has been assessed by Walmart (as a vendor) and given a “Yellow” rating, which relates to compliance status in their factory evaluation system.

WASTE MANAGEMENT

Shows the company has systems to manage waste responsibly, minimizing pollution and environmental harm during production.

DAILY SAFETY

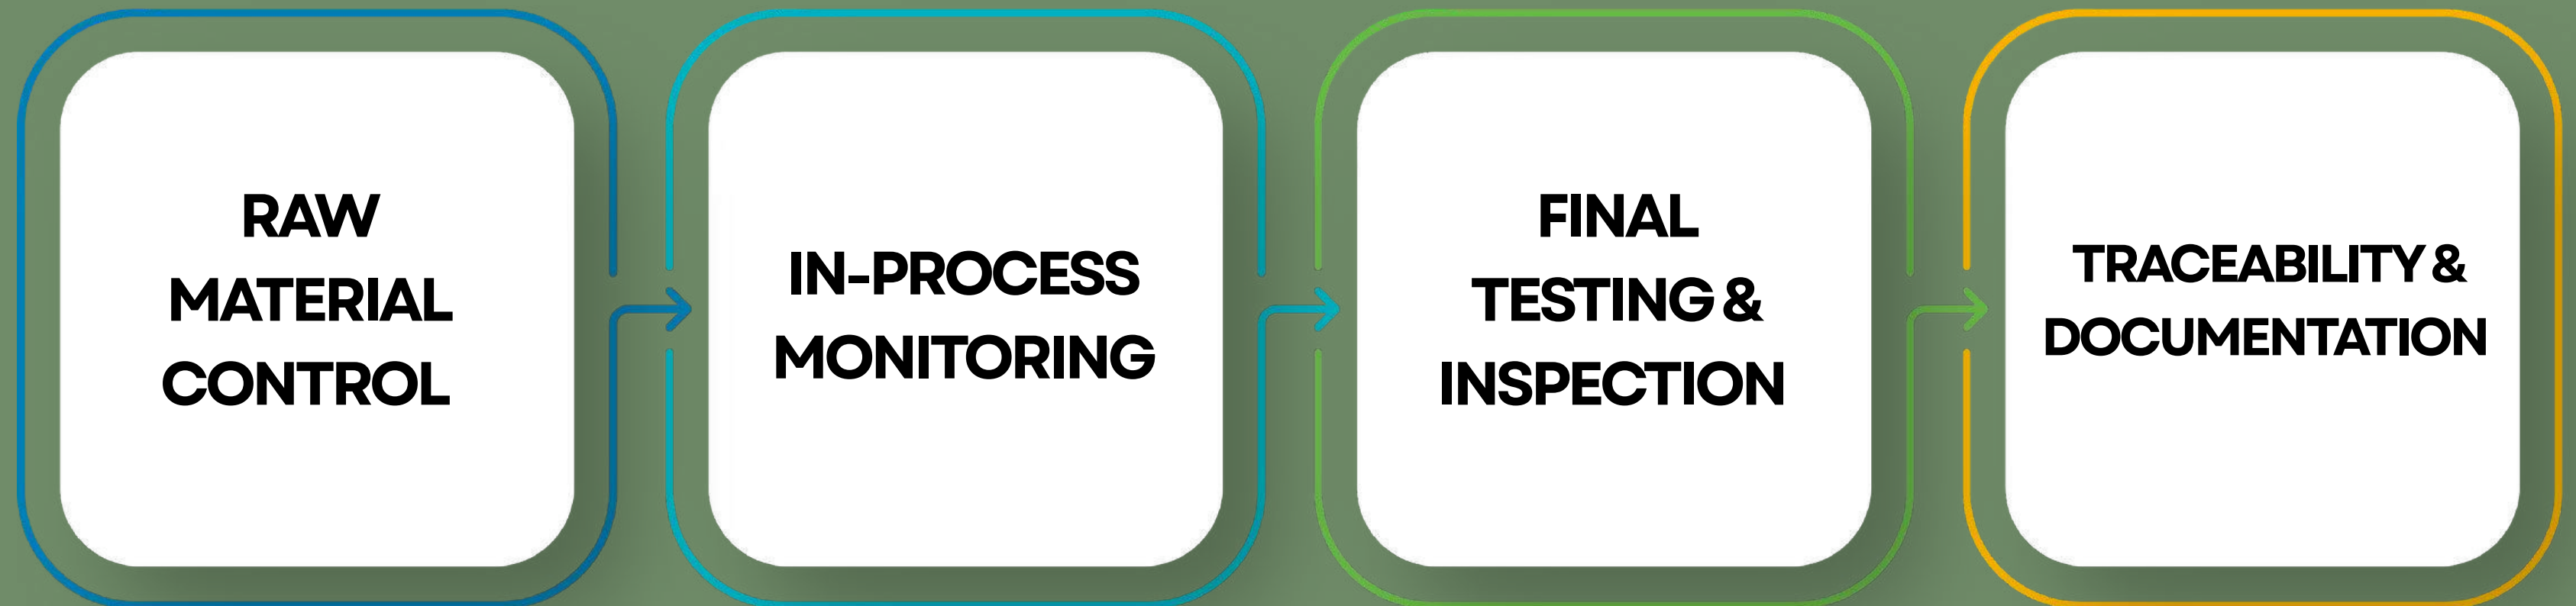

Union Accessories provides a safe, hygienic, and eco-efficient workplace, meeting all requirements under Bangladesh Labor Law and international fire and building safety codes. Continuous training, modern fire detection systems, and safety drills safeguard all personnel.

The company's compliance philosophy is built on three pillars: Quality without compromise, Responsibility without exception, and Sustainability at every step.

QUALITY ASSURANCE **PROCESS**

Incoming yarns, films, inks, and paper are tested and approved before production.

Real-time quality checks during weaving, printing, and finishing maintain consistency and color accuracy.

100% product verification including wash, rub, adhesion, and tensile tests per buyer standards.

Each order is tracked to ensure full transparency and accountability.
